ITEM 3

METHOD OF CANCELLING ITEMS

- As this tariff is supplemented, numbered items with letter suffixes, cancel correspondingly numbered items in the original tariff or in a prior supplement. Letter suffixes will be used in alphabetical sequence starting with A. Example: Item 445-A cancels Item 445, and Item 365-B cancels Item 365-A in a prior supplement which in turn canceled Item 365. Item 100-AA cancels Item 100-Z. Item 100-BB cancels Item 100-AA.

ITEM 5

THE EXPORT DECLARATION MUST BE TREATED AS CONFIDENTIAL

- The contents of all copies of the export declaration must be treated as confidential and may not be disclosed to others than the exporter or his agent by employees of Customs Service, the Department of Commerce, or other United States Government agencies, without written consent of the Secretary of Commerce.

ITEM 10

ISSUANCE, USE AND REPRODUCTION OF AUTHENTICATED COPIES OF SHIPPERS EXPORT DECLARATION

- A copy of a Shipper's Export Declaration authenticated by a Collector of Customs by certification, validation by numbering stamp, or any other method, may be supplied to exporters or their agents only where such a copy:
 - Is needed to enable the exporter to comply with the export control requirements of the Office of International Trade.
 - Is required, with the approval of the Secretary of Commerce, to be supplied by the exporter or his agent to an agency of the Federal Government, or
 - Is needed for presentation to the exporting transportation company as authentication for export. An authenticated copy of a Shipper's Export Declaration supplied to an exporter or his agent under any of these conditions may not be used for any other purpose nor may it be photostated or reproduced in any other form by the exporter or his agent, the Federal Government agency or by a transportation company or its agents.

ITEM 15

ITEM 20

SHIPPER'S EXPORT DECLARATIONS

1. Before shipments destined to foreign countries or to Canal Zone of Panama, Guam, Puerto Rico, Samoa; Tutuila, and the Virgin Islands may leave this country, either by rail or water, the United States Government requires that specific information with respect to each shipment (carload or less-carload, as the case may be) be shown on a "Shipper's Export Declaration", and that such Declaration be filed with the United States Customs Collector at the port or border point of exit in his country. However, if Declarations for rail shipments to Canada are not delivered to the Collector of Customs prior to departure of such shipments from the United States, immediate exportation may be permitted upon the filing of Pro Forma Declaration therefor and the execution of a bond to produce the missing Declarations not later than fifteen (15) calendar days after the date of exportation. See Item 60, Paragraph 2.
2. Export statistics of the Department of Commerce are compiled from these Declarations and all data required therein must be furnished in the manner prescribed. The information given therein will be held as confidential.
3. Shipper's Export Declaration (Commerce Forms 7525-V or 7525-V-Alternate-Intermodal) is not required on shipments from and to foreign countries transported through the United States in bond. (See Item 30).

SHIPMENTS TO UNITED STATES GOVERNMENT AGENCIES OR ESTABLISHMENTS

4. Collectors of Customs will require, in accordance with the provisions of the Regulations for the Collection of Statistics of Foreign Commerce and Navigation of the United States as amended by Foreign Commerce Statistical Decision 57, the filing of Shipper's Export Declarations for all shipments made to United States Government agencies or establishments in foreign countries or in the Territories and Possessions of the United States, except Alaska and Hawaii, whether such shipments are made by or for account of the United States Government agency or establishment, or by a private individual or concern, except in the FOLLOWING CASES in which the Shipper's Export Declaration NEED NOT BE FILED.
 - A. Shipments of office furniture, equipment and supplies to United States offices for the exclusive use of such offices;
 - B. Shipments of household goods and personal property to employees of the United States offices or to United States offices for such employees for the exclusive use of such employees;
 - C. Shipments of books, maps, charts and pamphlets made by United States Government offices to foreign libraries or Government establishments;
 - D. Shipments of military and navel supplies and equipment for the use of United States military and naval forces abroad.

ITEM 25

PREPARATION OF SHIPPER'S EXPORT DECLARATION

1. The Shipper's Export Declaration MUST BE MADE IN TRIPLICATE (see Note 1) by the shipper, owner or authorized agent.
2. If the Shipper's Export Declaration is prepared by an agent of the shipper or owner, the authority to sign such Declaration must be in the form of a properly executed power of attorney, or in a less formal written authorization, such as that printed on the Declaration. The production of a power of attorney or authorization may be waived if the Collector of Customs has personal knowledge that the person signing such Declaration is authorized to do so, or is held out to the public by such shipper or owner as their agent. In every event the data required in the Declaration must be correct and must be based on personal knowledge of the facts stated therein, or on invoices or information furnished by the shipper or owner.
3. Separate Export Declarations are required for licensed and unlicensed commodities; i.e., licensed and unlicensed commodities should not be reported on the same Declaration.
4. On shipments covered by two or more licenses, quantities and values applicable to each license must be separately specified.
5. Export license number should appear on the line immediately following the item to which it relates, with an indication, as to whether the export is a PARTIAL or COMPLETE shipment against the license.
6. In the preparation of the documents, shippers will be required to conform to the line spacing on all copies.

EXPLANATION OF NOTE

1. On shipments destined to Canada, the third copy of the Shipper's Export Declaration must be filed with the United States Customs Officer as required by Canadian Customs. On shipments destined to Mexico, the third copy is for use of broker at border.

ITEM 40

DATES OF IMPORTATION AND EXPORTATION

1. For statistical purposes the date of entry will be regarded as the date of importation; the date of clearance or the date of departure, if later, will be regarded as the date of exportation.

ITEM 45

SHIPMENTS IN MORE THAN ONE CAR - DIVIDED SHIPMENTS

When shipments are forwarded at one time in such quantity as to require loading in or on more than one car, a separate Declaration should be furnished on each car in shipment in order to preclude any possibility of delay at the port or border of exit in event the cars become separated enroute, provided, however, on shipments to Canada or Mexico by rail consisting of two or more cars, a separate Shipper's Export Declaration shall be furnished for each car.
2. 3. When a shipment is diverted in transit to a point in Canada or Mexico, thereby requiring issuance of a Shipper's Export Declaration, the diversion instructions must contain a specific statement (see Paragraph 2, above) concerning the Export Declaration, and such statement must be added to the waybill accompanying the shipment.
4. Upon arrival of merchandise for exportation at the exit point or border port, the carrier must deliver to the Collector of Customs a car manifest giving marks and numbers, the same of the shipper or consignor, description of the goods and the destination thereof. ITEM 70

ENFORCEMENT OF RESTRICTIONS ON IMPORTS AND EXPORTS SUBJECT TO THE PROVISIONS OF THE PRESIDENT'S PROCLAMATION OF JULY 17, 1941, REGARDING "BLOCKED NATIONALS"

1. In respect of all merchandise intended for exportation after July 27, 1941, there shall be submitted with each Export Declaration a list of statement showing the name and address of each ultimate consignee of the merchandise unless such names and addresses are set forth in the appropriate Export Declaration. If the ultimate consignee, consignor, shipper or other person having an interest in the merchandise or in the transaction is named in the proclaimed list of certain blocked nationals, the exportation shall not be permitted except upon presentation of a license issued pursuant to Executive Order No. 8389, as amended, or instructions from the Treasury Department authorizing the transaction.
2. With respect to importations from any American republic of merchandise in which any person named in the proclaimed list appears to have an interest as consignor, seller, shipper or otherwise, the acceptance of entries for consumption and withdrawals from warehouse for consumption in respect of such merchandise tendered after July 27, 1941, shall be withheld pending presentation of a license issued pursuant to Executive Order No. 8389, as amended, or instructions from the Treasury Department authorizing the transaction.
3. Licenses cancelled by actual exportation, entry or withdrawal shall be endorsed to that effect and forwarded to the Federal Reserve Bank.
4. These regulations do not affect in any way the necessity for a license under the Export Control Act of July 2, 1940. Neither an export control license nor a license under Executive Order No. 8389, as amended, will be accepted in lieu of the other type of license.
5. Nothing in paragraphs 1 and 2 above shall be deemed to excuse any person from the necessity of obtaining a license in accordance with Executive Order No. 8389, as amended, and the proclamation of July 17, 1941, covering importations from or exportations to any person whose name appears on "The Proclaimed List of Certain Blocked Nationals".

ITEM 80

**REQUIREMENT FOR DESTINATION CONTROL STATEMENT OF SHIPPING DOCUMENTS
COMPREHENSIVE EXPORT SCHEDULE §379.10(c)**

(c) STATEMENT REGARDING ULTIMATE DESTINATION ON DECLARATION, BILL OF LADING AND COMMERCIAL INVOICE

1. The provisions of this paragraph (c) apply to:
 1. A shipment made under a general license where a Shipper's Export Declaration is required to be presented to the Collector of Customs, except for General License GIT.
 2. A shipment made under a validated license.

The provisions of this paragraph (c) apply to (1) a shipment made under a general license where a Shipper's Export Declaration is required to be presented to the Collector of Customs, except for General License GIT: (2) a shipment made under a validated license.

NOTE

The provisions of paragraph 379.10 (c) are inapplicable to shipments intended for consumption in Canada since these exportations to Canada require neither a validated nor a general license. However, these provisions are applicable to shipments through Canada to other foreign countries.

An appropriate destination control statement shall be entered on the Shipper's Export Declaration □ in accordance with the provisions set forth below for all shipments subject to the provisions of this paragraph (c).

(i) The following statement shall be entered on the Declaration covering an exportation under either a validated or general license other than General License GIT, with the blank space filled in with the name of the country of ultimate destination set forth in the Declaration; unless, instead of this statement, an appropriate statement as provided in (ii) or (iii) below has been entered.

"These commodities licensed by the United States for ultimate destination (name of country). Diversion contrary to United States law Prohibited".

NOTE

In some instances the destination control statement used by an exporter, or his agent for a specific shipment may indicate that the shipment cannot be reexported to a destination to which the ultimate consignee or purchaser wishes to sell or distribute the commodities; however, the reexportation provisions of the Export Regulations (§§371.4 and 372.12) would permit the reexportation. Where this occurs and permission to distribute or resale is required by the foreign importer or any other party in possession of the commodities, the exporter, without obtaining written approval of the Bureau of Foreign Commerce, may inform the foreign importer or other party that distribution or resale may be made in

accordance with the reexportation provisions where applicable. In all other instances, written approval shall be obtained from the Bureau of Foreign Commerce.

(ii) Instead of the statement set forth in paragraph (i) above, the following statement may be substituted with the blank spaces filled in as instructed below.

"These commodities licensed by the United States for ultimate destination _____ and for distribution or resale in _____. Diversion contrary to the United States law prohibited".

If the exportation is made under a general license, other than General License GIT, insert the name of the country to which the shipment is being made in the first blank space, and the following words in the last blank space, "any destination except Soviet Bloc, Communist China, North Korea, Macao, Hong Kong or Communist controlled areas of Viet Nam and Laos unless otherwise authorized by the United States".

If the exportation is made under a validated license, insert in the first blank space the name of the country shown on the license as country of ultimate destination. In the last blank space, insert the names of the countries shown on the license as approved destinations for distribution or resale. If no country is shown on the license as approved for distribution or resale, insert the word "none" in the last blank space.

The Note following paragraph 379.10(c)(1)(i) above is also applicable to requests for permission to distribute or resale where the statement set forth in paragraph (ii) above is used.

(iii) Where a shipment is made under a general license, other than General License GIT, the following statement may be entered on the Declaration instead of the statements set forth in paragraph (i) and (ii) above.

"United States law prohibits disposition of these commodities to the Soviet Bloc, Communist China, North Korea, Macao, Hong Kong or Communist controlled areas of Viet Nam and Laos, unless otherwise authorized by the United States".

NOTE

The Note following paragraph 379.10(c)(1)(i) above is also applicable to requests for permission to distribute or resale where the statement set forth in paragraph (iii) above is used.

(2) (i) No carrier by water, land or air shall issue and no licensee, shipper, consignor, exporter or consignee or their agents or any person, shall prepare or procure a Bill of Lading covering an exportation of a commodity with respect to which a Declaration has been authenticated by a Collector containing the applicable statement set forth in paragraph (c) (1) above, unless all copies of such Bill of Lading including all non-negotiable and office copies except as provided in paragraph (ii) below, shall contain the same statement.

(ii) In the case of shipments by air (other than airmail or air parcel post) the provisions of paragraph (i) above are applicable to: (a) any Air Waybill issued by a Consolidator (indirect carrier) for an exportation included in a consolidated shipment; or (b) any Air Waybill issued by a carrier or other person covering an exportation not included in a consolidated shipment. The provisions of paragraph (c)(1) above do not apply to a "Master" Air Waybill issued by a carrier to cover a consolidated shipment.

(3) No licensee, shipper, consignor, exporter or agent thereof or any other person, shall prepare or issue any commercial invoice with respect to any shipment of commodities subject to the provisions of this paragraph (c), unless such invoice or invoices and all copies thereof, shall contain on the face thereof the applicable statement set forth in paragraph (c) (1) above.

No carrier shall release custody of a shipment of commodities covered by the provisions of this paragraph (c) to any party (including agents, on-carriers, foreign customs officials or any other person) without surrender by that party, to the carrier, of a copy of the Bill of Lading bearing on its face the applicable destination control statement set forth in paragraph (c) (1) above unless, simultaneously with release of the commodities, the carrier delivers to such party a written copy of the destination control statement covering the shipment as contained on the copy of the Bill of Lading in the carrier's possession. The written statement shall identify the shipment by Bill of Lading number, name of carrier, voyage number, date and port of arrival. The carrier shall secure and retain either a signed receipted copy of such written statement or other equivalent written evidence of such statement.

EXPLANATION OF REFERENCE MARK

□ Where the country of ultimate destination is Cambodia, Laos or Viet Nam, the destination control statement shall be filled in as required by §373.68 regardless of the country designation shown on the Shipper's Export Declaration.
